Public warning in case of major incident

General information about how the public will be warned in the event of a major incident at the facility:

OnGas's Emergency Response plan (ERP) contains a list and contacts of the immediate neighbours. The neighbouring occupants have also gone through an awareness briefing with OnGas representatives.

Emergency plans have been provided to Fire & Emergency Services NZ

Public actions in case of major incident

General information about how the public should act and any precautionary steps that people should take if a major incident occurs at the facility:

They may be informed to evacuate their properties, depending on the potential impact of the incident. Persons who are travelling on the public road may be stopped from entering the area.

Further actions that the public should take will be communicated after consultation with Emergency Services
